Sagem Communications introduces its exciting new range of AgfaPhoto scanners. The new AgfaPhoto scanner range, in four models, is a revolution in digitization. With these new easy to carry products, you can now save and share photos and documents in just a few seconds.

Mini size for maxi performance

Light and extremely compact, AgfaPhoto scanners are incredibly easy to use for the rapid archiving of your old photos or professional documents.

With the AgfaPhoto AS 1110 (black) and AS 1111 (white) models, it is now possible to give a second life to family photo archives. Truly making life easier, the AgfaPhoto AS 1110 and AS 1111 (46x156x38 mm) can scan 10 x 15 size photos in just 5 seconds, with a resolution of 1800 x 1200 pixels and then transfer them to a digital photo frame* or PC. With its own power supply, easily portable and with USB connection, you can carry it around with you and scan photos at family's and friends' homes and transfer them to various types of memory card.

The AS 1300 and AS 1300 Pro models (47x274x33.8 mm) have a more professional focus for use with a PC. In addition to image scanning in JPG, BMP, TIF or PCX formats, they can also scan business cards and A4 documents, at a speed of three pages a minute, with a resolution of 600 x 600 dpi and transfer them using PDF, RTF, Word or HTML formats.

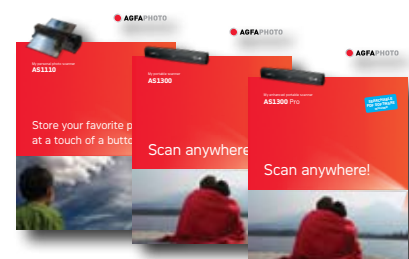

The AS 1300 Pro offers additionally the searchable PDF function. Searchable PDF indicates that the scanned document (result in PDF format) has been processed via optical character recognition (OCR) and you can search the entire file for occurrences of a word or phrase, which makes document searching so much easier. Combining a stylish design with pictures enhancement or professional software package, AgfaPhoto compact scanners will soon become essential products with proven key uses for everyone.

Recommended retail prices (all retailers being responsible for their own pricing policies):

AS 1110: €79.99 including VAT
AS 1111: €79.99 including VAT
